EDUCATION

UNIVERSITY OF CALIFORNIA, SAN DIEGO

Expected June 2026

Bachelor of Science, Cognitive Science w/Spec Design and Interaction

- **Minors:** Computational Social Science & Business Analytics | **GPA:** 3.97 / 4.00 | Provost Honors

EXPERIENCE

UCSD Kawasaki Disease Research Center – San Diego, CA

Jun 2025 – Present

UX/UI Designer & Graphic Designer

- Designed high-fidelity mockups, responsive web layouts, and branded outreach materials including research flyers and campaigns in Figma, strengthening visual consistency and increasing engagement across platforms.
- Conducted user research through surveys and stakeholder interviews, translating insights into wireframes and iterative prototypes that improved information architecture, clarity, and overall usability across user touchpoints.
- Implemented front-end updates using HTML and CSS, optimizing responsive design and accessibility standards to enhance user experience and align with institutional branding guidelines and compliance requirements.

Cognitive Science Student Association (CSSA) at UCSD – San Diego, CA

Oct 2024 – Present

Design Lead | Media Executive Board

- Led the design team in developing cohesive visual branding, promotional flyers, and digital marketing mockups, increasing social media engagement by 50% and reaching 1,700+ students through targeted campaign strategies.
- Managed photography and video production as part of the media team, creating promotional reels and visual content that strengthened event marketing efforts and contributed to 200+ event participants through targeted digital promotion.
- Collaborated with marketing and executive board members to strategically align design assets with audience insights and brand guidelines, strengthening campaign consistency and overall promotional impact across platforms.

Associated Students at UCSD – San Diego, CA

Apr 2025 – Jun 2025

Marketing & Engagement Officer

- Designed and executed multi-channel marketing campaigns across social media, digital platforms, and in-person tabling efforts, developing campaign visuals and branded promotional assets informed by audience feedback and trend analysis to increase awareness of campus services and strengthen student engagement.
- Collaborated cross-functionally with marketing and executive teams to refine messaging strategy and enhance campaign performance using student feedback and engagement analytics to drive data-informed improvements.

Holiday Channel – Remote

Mar 2025 – Jun 2025

Social Media Internship

- Produced engaging multimedia content, including short-form videos, graphics, and digital campaigns across multiple social media platforms that contributed to an 800+ follower increase and over 15K total video views.
- Managed online community engagement by fostering discussions and building stronger connections with audiences; tracked performance metrics and refined posting strategies to improve engagement and visibility.

Cognitive Science Department at UCSD – San Diego, CA

Jan 2025 – Mar 2025

Instructional Apprenticeship

- Facilitated weekly discussion sessions for 60+ undergraduate students, delivering clear and structured instruction on Python programming fundamentals while guiding critical thinking, and collaborative problem-solving skills.
- Assisted the lead instructor with grading assignments, coordinating course logistics, providing individualized academic support to students while promoting an inclusive, supportive, and collaborative learning environment.
